Amapola Gallery is a cooperative gallery founded in 1980. Its purpose is to provide a tasteful background in which to display and sell fine arts and crafts produced by local artists.

### **Application Process:**

To apply for membership in the gallery we ask that you carefully read over all the information provided here and make a determination on whether or not you are able to meet the obligations of being a member of a cooperative.

- Please complete the attached application and return it to the gallery. You will be notified by a gallery member when a jury date has been set, at that time you will be asked to bring 3-5 pieces of the medium for which you would like to be considered. Please bring in work that shows the range of your abilities and is representative of the type, style and quality you would be displaying in the gallery if accepted. Attach photos of your work to the application so that we have a record if you are placed on the waiting list. Your work will be viewed, discussed and voted on by the full members present at the jurying. All pieces of your work should be gallery ready with prices attached.
- If accepted, you may be either invited to join the gallery as a Guest Member or put on the wait list. The wait list is used to fill vacancies within the gallery at the discretion of the curators, based on the types of spaces that become available, not based on the date an applicant was accepted on to the wait list. Upon entering the gallery as a Guest Member, you will be required to pay \$420.00 for your six-month membership and an additional \$50.00 joining fee that goes towards the operation of the gallery.
- Guest members commit to a 6-month trial period with the gallery at the end of which their guest membership will be reviewed and voted upon by the Full members present at a general meeting. The guest membership may be renewed for an additional 6 months. The artist may be made a Full Member, or their membership may be declined. Full membership is approved based on continued quality of artwork, an adequate supply of art for sales, cooperation involving duties in the gallery, and prompt payment of dues.

### **Gallery Operations and Member Obligations:**

The gallery is administered by the entire membership of approximately 42 members overseen by an elected Executive Board made up of 2 Co-Directors, a Treasurer, secretary, and 5 curators. Members, in addition to their calendar duties, are expected to help with extra work needed to keep the gallery functioning (administrative positions, special projects, demos, etc.). These positions are Filled on a voluntary basis but are necessary to the smooth operation of the gallery.

The gallery space is maintained through the collection of dues from membership which are currently \$420.00 for a six-month period (Jan-June and July-Dec). Dues are collected at the beginning of the six-month period, twice a year. Dues pay the rent and utilities on the space.

Amapola Gallery receives a **10% commission** on all sales run through the gallery. This portion of the gallery income goes towards the operating costs of the gallery such as advertising, supplies, open houses, space improvements, etc. Checks for sales are issued to artists monthly with a statement itemizing sales

The gallery is open 7 days a week from 10 am to 5 pm. Because it is a cooperative gallery all members are required to work in the gallery. A calendar is posted covering a period of approximately 5-6 weeks and each member must sign up for 2 workdays on each calendar. Two members will staff the gallery each day and are required to perform the housekeeping duties posted for the day on which they work. If something happens and a full member is unable to work on their scheduled day a substitute may be hired for \$50.00 per day. Guest members need to contact a director to make arrangements if they are unable to work their scheduled days.

The gallery is divided into display areas providing each paying membership an individual space for their work. The display areas are roughly divided into walls, cubes and enclosed spaces as determined by the curators. A member will rotate his/her work from one display area to another during "curating" that occurs 4 times a year. Members are expected to adapt to the variations in spaces as they rotate through the gallery. Amapola provides insurance for liability on the property only. Members who want their work insured must obtain coverage themselves.
